Subject: EnergyLogic Classification as a Critical Business

To Whom It May Concern:

The letter verifies that I am an employee of EnergyLogic. EnergyLogic qualifies as a Critical Business, per Section 9, Construction, referenced in the state of Colorado's Executive Order, 20-24, dated March 22, 2020. EnergyLogic is a required skilled trade in the construction industry and is therefore exempt from business closures and reductions in workforce.

EnergyLogic employees have been informed of and will comply with, all recommendations and requirements of safe work practices including handwashing/sanitizing before and after entering construction sites, sanitizing equipment brought into homes, and maintaining 6 feet of distance between trades.

Should you have any questions, please direct them to EnergyLogic's Director of Field Services, Steve Eagleburger, 720-225-8446.

Respectfully,

A handwritten signature in black ink that reads 'Stephen R. Byers'.

Steve Byers
CEO
